

## **CEMETERY POLICY**

That we agree with the recommendation of the Group I Committee and implement a policy to have systematic sales of plots in the new part of the cemetery for ease of maintenance and grave opening and closings, as follows:

- 1) Block D West to East
- 2) Block E West to East
- 3) Block F West to East
- 4) Block G West to East; and

That special provision be made to allow for sales of plots other than the manner outlined above, if there has already been a plot sold and another family member wishes to buy a plot close to them; and

That we restrict the sale of plots in Block A, B and C for cremation burials only.
