

**TOWN OF LUMSDEN
BYLAW NO. 05-2019**

FIRE PREVENTION BYLAW

A BYLAW OF THE TOWN OF LUMSDEN FOR THE PREVENTION OF FIRE, THE
PREVENTION OF THE SPREAD OF FIRE, AND FOR THE PRESERVATION OF LIFE
AND PROPERTY IN THE EVENT OF FIRE

The Council of the Town of Lumsden in the Province of Saskatchewan, enacts as follows:

1. SHORT TITLE

This Bylaw may be cited as the Fire Prevention Bylaw for the Town of Lumsden.

If any section, subsection, sentence, clause, phrase or other portion of the Bylaw is for any reason held invalid or unconstitutional by any Court of competent jurisdiction, that portion shall be deemed a separate, distinct and independent provision and the holding of the Court shall not affect the validity of remaining portions of this Bylaw.

2. ADOPTION OF THE NATIONAL FIRE CODE OF CANADA 2015

The document known as the *National Fire Code of Canada* (the 'Code'), together with its appendices, and its amendments, supplements and its revisions, as they are published from time to time, issued by the associate *Committee of the National Fire Code, National Research Council of Canada, Ottawa*, is hereby adopted and the same shall be deemed only to apply within the Town of Lumsden in the same manner and to the same extent as if set forth in detail in this Bylaw.

3. PURPOSE

(1) The purpose of this Bylaw is:

- (a) to adopt fire prevention regulations, that establish standards for fire prevention, preservation of life and firefighting;
- (b) to provide for the prevention and suppression of fires; and
- (c) to regulate the sale and setting off of fireworks.

- (r) **"TOWN ADMINISTRATION"** means the administrative staff of the Town of Lumsden.

5. VOLUNTEER FIRE DEPARTMENT

- (1) The Lumsden Volunteer Fire Department is established by Town Council.
- (2) The Department shall provide and administer on a volunteer basis for:
 - (a) fire protection, including:
 - (i) fire suppression;
 - (ii) fire prevention;
 - (iii) support for fire investigations; and
 - (iv) support for educational programs;
 - (b) rescue services, where applicable.

6. DUTIES OF FIRE CHIEF

- (1) The Fire Chief is the general manager of the Department.
- (2) The Fire Chief administrates and enforces this Bylaw within the Town and shall perform any other reasonable duties and may authorize any other powers that may be delegated by Town Council.

- (3) The Fire Chief is responsible for the maintenance of discipline within the Department and for making rules and regulations necessary to carry out the daily administration and operations of the Department pertaining to the purposes of this Bylaw.

7. FEES FOR SERVICE

- (1) The Department is authorized to charge the applicable fees for the various services, tests, and emergency responses listed in Schedule "A".
- (2) The fees may be reviewed and set by Town Council on the advice of the Fire Chief, as required.

8. AGREEMENT FOR EMERGENCY SERVICE

- (1) In consultation with the Fire Chief, the Town may enter into an agreement with any other municipality, municipal government, Indian Band, person or other properly constituted authority, organization or agency for the furnishing or receiving of firefighting, fire prevention services, or emergency services on any terms that may be agreed upon, including the settling and payment of charges.

9. REQUEST FOR EMERGENCY SERVICE

- (1) The Town may provide and charge for any firefighting, fire prevention, or emergency services outside the Town where no agreement exists, if a request is made by any other municipality, municipal government, Indian band, person or other properly constituted authority, organization or agency.
- (2) Unless otherwise provided for by separate agreement, the charge for any firefighting, fire prevention, or emergency service provided by the Department shall be determined according to the fees and rates listed in Schedule "A".

10. IMMEDIATE HAZARDS

- (1) Notwithstanding any other provision of this Bylaw, where in the course of an investigation or inspection under this Bylaw, the Fire Chief is of the opinion that a condition exists creating a serious danger to life or property, the Fire Chief may:
 - (a) use any measures that the Fire Chief considers appropriate to remove or lessen the condition;
 - (b) evacuate and close the building, structure, premise or yard where the condition exists or any area surrounding such location for any period that the Fire Chief considers appropriate; and
 - (c) order the owner, operator or occupant to immediately do anything necessary to remove or lessen the condition. For greater certainty, the Fire Chief may order the owner, operator or occupant to demolish a building or structure, to remove any debris and waste material and to fill in any open basement or excavation remaining on the site of the building or structure after its demolition.
- (2) If closed under Clause 10(1)(b), the Fire Chief shall, if possible, placard the building, structure, premise, yard or area as a serious danger to life or property.
- (3) No person shall be permitted to enter, attempt to enter or tamper with a building, structure, premise, yard or area that has been closed under Clause 10(1)(b) without the prior approval of the Fire Chief.
- (4) No person shall take down, cover up, mutilate, deface or alter a placard posted under Subsection 10(2).
- (5) The costs and expenses incurred under this Section are a debt due to the Town and may be recovered from the owner of the building, structure, premise, yard or area in or on which the work was carried out.

- (6) If the costs and expenses mentioned in Subsection 10(5) are not paid at the end of the year in which the work was carried out, the Town may add the amount of the costs and expenses to the owner's property taxes.

11. OPEN AIR FIRES

- (1) Open-air fires shall not be set unless the following measures are taken to limit their spread:
- (a) fires shall be contained in a non-combustible receptacle constructed of cement, brick, or sheet metal with a minimum eighteen (18) gauge thickness;
 - (b) a receptacle shall be covered with a heavy gauge screen with openings not exceeding thirteen (13) millimeters;
 - (c) the size of the fire box receptacle shall not be larger than one (1) square metre [about 10.75 square feet].
 - (d) fire box receptacles shall be built into or on bare ground, or a non-combustible surface such as patio stones, brick, or patio blocks;
 - (e) open-air fires shall not occur within three (3) metres of any property lines, buildings, combustible deck, roof projection, fences, or beneath any trees, branches or other combustible materials; and
 - (f) open-air fires shall not occur directly beneath a powerline.
- (2) The fuel for open-air fires shall consist only of charcoal or cut, seasoned wood. The burning of the following materials shall be strictly prohibited:
- (a) rubbish;
 - (b) garden refuse, excluding dry tree trimmings and twigs;
 - (c) manure;
 - (d) livestock or animal carcasses; and
 - (e) any material which when burned will generate black smoke or an offensive odor including insulation from electrical wiring or equipment, asphalt roofing materials, hydrocarbons, plastics, rubber materials, creosoted wood or any similar material, unless use is permitted under *The Environmental Management and Protection Act* and is conducted in a manner acceptable to the Saskatchewan Ministry of Environment.
- (3) Open-air fires shall be reasonably supervised so as to prevent their spread and kept to a reasonable size; under one (1) metre in both height and width.
- (4) Open-air fires shall be adequately ventilated to ensure proper combustion and to prevent an unreasonable accumulation of smoke.
- (5) Open-air fires shall not be set in windy conditions conducive to creating a running fire hazardous to another person's property.
- (6) If smoke emanating from an open-air fire causes unreasonable interference with the use and enjoyment of another person's property, the fire shall be extinguished immediately.
- (7) The Department may issue a written letter of consent to a person to set an open-air fire as part of a block party, community event or similar special function or celebration. In this event, the Department may waive any requirements of this Section with respect to the permitted open-air fire, but the permittee shall comply with all other requirements of this Section and any other conditions attached to the written letter of consent by the Department.
- (8) Chimineas are allowed to be placed on any non-combustible surface as outlined in Clause 11(1)(d) above and must comply with the remainder of the requirements from this Section.

12. USE OF BLOWLAMPS

- (1) No person shall use a blowlamp or similar device to burn any material which when burned will generate black smoke or an offensive odour, including insulation from electrical wiring or equipment, asphalt roofing materials, hydrocarbons, plastics, rubber materials, creosoted wood or any similar material, unless such use is permitted under *The Environmental Management and Protection Act* and is conducted in a manner acceptable to the Saskatchewan Ministry of Environment.

13. USE OF INCINERATORS AND BURNING BARRELS

- (1) Except for auxiliary-fueled incinerators approved by the Ministry of Environment, no incinerators shall be constructed or installed within the corporate boundaries of the Town of Lumsden.
- (2) Burning barrels or any similar device used for the burning of any household or yard refuse are prohibited.

14. OCCUPANT LOAD

- (1) In all assembly occupancies, the occupant load shall be posted in conspicuous locations near the principal entrances to the room or floor area.
- (2) The Fire Chief shall determine the occupant load for any room or floor area and shall issue an occupant load limit sign for that room or floor area. The owner or occupant of the premises shall ensure that the sign is posted in accordance with Subsection 14(1).
- (3) The occupant load of a room or floor area shall be determined in accordance with *The National Fire Code*.
- (4) The number of occupants permitted to enter a room shall not exceed the maximum occupant load calculated in accordance with this Section.
- (5) If the Fire Chief reasonably believes that the number of occupants in a room may exceed the maximum occupant load, the Fire Chief may temporarily close the room or building in order to determine the number of occupants in the room.
- (6) If the number of occupants in the room exceeds the maximum occupant load, the room shall not be re-opened to the public until the number of occupants is reduced to a number less than the occupant load.

15. PROPERTY IDENTIFICATION

- (1) The civic address of any building or structure shall be prominently displayed on the front of the building or structure so as to be clearly visible from the street. For corner properties, the civic address shall face the front of the street listed as the civic address, not the side street.
- (2) Numbers/Letters shall be a minimum of ten (10) centimeters in height and be a contrasting color to the mounting area.
- (3) If a building has multiple occupancy, each separate unit shall conform to Section 15(1)(2) above, in addition to the main civic address being displayed.
- (4) For new construction, the requirements of Subsections 15(1)-(3) can be satisfied temporarily using spray paint on the structure or temporary signage.
- (5) Permanent identification must be in place before an occupancy permit for a structure is granted.

16. INSPECTION AND MAINTENANCE OF PORTABLE FIRE EXTINGUISHERS

- (1) In accordance with Article 6.2.4.1 of *The National Fire Code*, all portable fire extinguishers shall be inspected, tested and maintained in conformance with NFPA 10, "Portable Fire Extinguishers".

- (2) Inspection, testing and maintenance of portable fire extinguishers shall be performed by properly trained and qualified persons.
- (3) Any person who intends to inspect, test or maintain portable fire extinguishers shall submit on request proof of proper training to the Department before carrying out any inspections, testing or maintenance.

17. INSPECTION AND MAINTENANCE OF SPRINKLER AND STANDPIPE SYSTEMS

- (1) Inspection and maintenance of sprinkler and standpipe systems shall be performed by properly trained and qualified persons.
- (2) Any person who intends to inspect or maintain sprinkler and standpipe systems shall submit, on request, proof to the Department that the person holds a journey person's certificate in the sprinkler systems installer trade or that the person is a fourth-year apprentice in the sprinkler systems installer trade.

18. INSPECTION AND MAINTENANCE OF FIRE ALARM SYSTEMS

- (1) In accordance with article 6.3.1.2 of *The National Fire Code*, the inspection, testing and maintenance of fire alarm systems shall be in conformance with CAN/ULC-S536-M, "Inspection and Testing of Fire Alarm Systems".
- (2) Inspection, testing and maintenance of fire alarm systems shall be performed by properly trained and qualified persons.
- (3) The trained and qualified persons mentioned in Subsection 18(2) must be a member in good standing with the Canadian Fire Alarm Association or the National Fire Protection Association, or the person's employer must be a member in good standing with the Canadian Fire Alarm Association or the National Fire Protection Association; and have at least one of the following qualifications:
 - (a) certificate from a recognized alarm manufacturer that the person is a factory trained installer and serviceperson; or
 - (b) a certificate that the person has successfully completed the Canadian Fire Alarm Association "Fire Alarm Technology" program, and has worked as an apprentice to a person who holds a permit under this section for a period of not less than one year; or
 - (c) a certificate that the person has successfully completed the journeyman electrician trade's upgrading course entitled "Fire Alarm and Protection Systems".
- (4) For purposes of this section "Addressable Fire Alarm System" means a fire alarm system that consists of initiating devices and central appliances and that is capable of individually identifying and controlling discrete components and functions of the system.
- (5) Only authorized factory trained personnel may service addressable fire alarm systems.
- (6) Any person who wishes to test, inspect or maintain addressable fire alarm systems shall submit on request proof satisfactory to the Department that the person:
 - (a) is, or the person's employer is, member in good standing of the Canadian Fire Alarm Association or the National Fire Protection Association; and
 - (b) possesses appropriate factory training in servicing addressable fire alarm systems.

19. FIRE HYDRANTS

- (1) Property owners must ensure unhindered access to fire hydrants located on their property.
- (2) Obstructions such as hedges, shrubs, trees, fences and the accumulation of materials are not permitted near the hydrant.

- (3) A three (3) metre clearance must be maintained on each side of a fire hydrant (indicated by the side ports of the hydrant) and a one (1) metre clearance must be maintained on the side of the fire hydrant farthest from the street.
- (4) Nothing may be erected and only grass may be planted in this clearance area.
- (5) Hydrants shall have no obstruction at all on the front side and must be fully visible from the street.

20. PREVENTION OF FIRE SPREAD

- (1) The Department may pull down or demolish any buildings or other erections when, in the opinion of the Fire Chief or the senior officer in command of a fire or any other emergency, such actions are considered necessary to prevent the spread of fire.

21. COMMANDEERING OF EQUIPMENT

- (1) Where an extreme fire hazard exists, or the safety of persons or property is endangered by a fire, the Fire Chief or the Incident Commander who shall be in command of a fire or any other emergency may commandeer or use any privately-owned equipment for the purpose of firefighting.
- (2) The Department shall pay compensation to any person from whom private property is commandeered or used pursuant to Subsection 21(1).
- (3) The amount of compensation to be paid to a person by the Department, pursuant to Subsection 21(2), is to be determined by the Department.

22. UNDERGROUND STORAGE TANKS

- (1) The standards and requirements of *The National Fire Code* and *The Hazardous Substances and Waste Dangerous Goods Regulations* respecting the design, construction and use of storage tanks for flammable liquids and combustible liquids shall apply.

23. DISCHARGE OF HAZARDOUS SUBSTANCES INTO SEWER SYSTEM

- (1) No person shall discharge or permit to be discharged any flammable liquid, combustible liquid, dangerous good, hazardous substance or waste dangerous good, whether by itself or in combination with any other liquid or solid, into any sanitary sewer, storm sewer, sewer connection, catch basin, street, alley or ditch.
- (2) Notwithstanding Subsection 23(1), the Fire Chief may use any measures that the Fire Chief considers appropriate to prevent a further discharge of a substance mentioned in Subsection 23(1) and may suspend the operation of any activity or business suspected of being the source of the discharge.

24. TRANSPORT VEHICLES

- (1) No person shall park, place, or leave any vehicle containing any hazardous substances or waste dangerous goods on any highway, street, lane or other public place except in accordance with the provisions of the transportation of dangerous goods regulations of Saskatchewan.
 - (a) For the purposes of Subsection 24(1), the terms “Hazardous Substances” and “Waste Dangerous Goods” shall have the same meaning as defined in the *Saskatchewan Hazardous Substances and Waste Dangerous Goods Regulations*, Chapter E-10.2 Reg.3, as amended.

25. DISCHARGE OF FIREWORKS AND FIRECRACKERS

- (1) The throwing, propelling, ejecting, lighting, firing, exploding, setting off, or discharging of firecrackers or other fireworks of every nature and kind is hereby prohibited within the Town, except as herein provided.

- (2) Fireworks displays shall only be held when is a possession of a Special Use Fireworks Permit, approved and issued by the Fire Chief. In the absence of the Fire Chief, the Deputy Fire Chief may approve and issue a Special Use Fireworks Permit.
- (3) All Special Use Fireworks Permits shall be in a form, attached hereto as Schedule "B".
- (4) Upon receiving a Special Use Fireworks Permit, all fireworks approved shall be used as set out in the permit for the event specified in the permit, at the location specified in the permit.
- (5) A Special Use Fireworks Permit are not transferable.
- (6) An application for a permit to discharge fireworks shall be made in writing to the Fire Chief seventy-two (72) hours in advance of the date of the planned display.
- (7) At the conclusion of the display, all unused fireworks and debris shall be immediately removed and disposed of by the person holding the permit to conduct the display.

26. SALE OF FIRE WORKS

- (1) No person shall sell fireworks or firecrackers of any kind to children under eighteen (18) of age.

27. OWNERS RESPONSIBILITY

- (1) Unless otherwise, specified, the owner or owner's authorized agent shall be responsible for carrying out the provisions of this Bylaw.

28. NOTICE OF VIOLATION OF OFFENCES

- (1) Every person commits an offence who:
 - (a) blocks an exit or access to an exit in any building;
 - (b) fails to maintain a fire exit door or fire exit hardware on a fire exit door in any building in operating condition;
 - (c) fails to maintain portable fire extinguishers in conformance with *The National Fire Code*;
 - (d) fails to maintain a fire protection system including duct work, an automatic sprinkler system or a fire alarm system;
 - (e) permits combustible materials to accumulate in or around any building in quantities or locations that will constitute an undue fire hazard;
 - (f) fails to store flammable and combustible liquids or compressed gases in any building, structure or open space in conformance with *The National Fire Code*;
 - (g) contravenes the provisions of Section 11 respecting the ignition of open-air fires;
 - (h) contravenes the provisions of Section 12 respecting the improper use of blowlamps;
 - (i) contravenes the provisions of Section 13 respecting the use of incinerators and burning barrels;
 - (j) contravenes the provisions of Sections 25 and 26, respecting the setting off of fireworks; or
 - (k) contravenes the provisions of Section 31, respecting fire bans.
- (2) When a contravention of Subsection 28(1) occurs, the person responsible for the contravention is guilty of an offence and liable of a summary offence and liable on summary conviction to a fine:

- (a) for the first offence, of \$50.00.
 - (b) for a second offence of \$200.00.
 - (c) for a third or subsequent offence, not less than \$200.00 and not more than \$2,000.00 in the case of an individual or \$5,000.00 in the case of a corporation.
- (3) Except as provided in Subsection 28(4), the following procedure shall apply to offences committed under this Section:
- (a) the Fire Chief or Municipal Inspector may issue a notice of bylaw violation to any person committing a first or second offence under Subsection 28(1). The notice shall require the person to pay to the Town the amount specified in Clause 28(2)(a) or 28(2)(b);
 - (b) the fine may be paid:
 - (i) in person, during regular office hours, to the cashier at the front desk of the Lumsden Municipal Office; or
 - (ii) by mail addressed to the Town of Lumsden, Box 160, Lumsden, Saskatchewan, S0G 3C0. All cheques shall be made payable to the Town of Lumsden.
 - (c) if payment of the fine as provided in Clause 28(2)(a) or 28(2)(b) is made prior to the date when the person contravening the Bylaw is required to appear in court to answer a charge, the person shall not be liable to prosecution for that offence;
 - (d) If payment is not received within twenty (20) calendar days of the notice of bylaw violation, a summons may/will be issued.
- (4) The provisions of Subsection 28(3) shall not apply in case of a third or subsequent offence.

29. GENERAL PENALTY

- (1) No person shall:
- (a) fail to comply with an order made under this Bylaw;
 - (b) obstruct or hinder the Fire Chief acting under the authority of this Bylaw; or
 - (c) fail to comply with any other provisions of this Bylaw.
- (2) Except where a penalty is specifically provided for in this Bylaw, every person who contravenes any provision of this Bylaw is guilty of an offense and liable on summary conviction:
