

TOWN OF LUMSDEN

Policy # _____

POLICY

Title: **Water Service Line Repairs**

Effective: June 9, 2020

Policy Statement:

The Town of Lumsden will assume responsibility for maintenance of water service lines from the water main to and including the curb stop. This assumption of responsibility pertains only to water service lines that have been installed by the Town of Lumsden or where the installation has been supervised by the Town of Lumsden.

Any leakage or malfunction on the property owner's 'side' of the curb stop is the owner's responsibility including leaking valves, cracked lines, etc.

Purpose:

To clearly define the obligations of both property owners and the Town of Lumsden. To dismiss any misconception that the Town of Lumsden is responsible for leaks / malfunctions occurring 'before' the water meter.

Adopted by the Council of the Town of Lumsden on June 9, 2020

A handwritten signature in black ink, appearing to be "L. M. Lumsden", located in the bottom right corner of the page.
